Editors note:

The Pepper Foundation funds the Pepper Nursing Service, a Family Support Services Manager and a Play Therapist, all managed by IRHH -The Iain Rennie Hospice at Home and is currently caring for 32 children.

In order that Pepper can continue to fund the Pepper Nursing Service, they now need to raise over £250,000 a year which is currently raised by voluntary donations and fundraising activities involving over 300 volunteers.

Nationally, only 18% of Hospice costs are funded by the government, therefore the deficit has to be raised by other means, the Pepper Summer Show being one of them.

Since 1988, The Pepper Foundation have raised in excess of £1.4m. For more information about The Pepper Foundation, please visit their website at www.pepper.org.uk
